The ACSA staff continues to work on the development of the Community Development Block Grant (CDBG) application. A digital copy of the application is due to the County of Albemarle Department of Housing on February 19, 2010. We continue to receive User Agreements from the Oak Hill residents interested in connecting to the proposed sanitary sewer system. As of the date of this memo, we have collected nearly half the User Agreements necessary for the application. At the Board meeting, we will provide you with the most current information regarding the CDBG application.
